Text:  
Data Structures and Other Objects using C++, by Main and Savitch  4th edition.  
ISBN: 0132129485  

Also recommended:  
Starting out with C++: From Control Structures through Objects, Tony Gaddis,  

Prerequisites:  
• C or higher in CS 3358: Data Structures  
• OR consent of the instructor

Course Description: Intensive review of programming through data structures.  
Includes syntax, semantics, problem solving, algorithm development, and  
in-class exercises.

Course Objectives:  
1. Students will be able to write syntactically correct code in a selected programming  
language.  
2. Students will be able to recognize and use common programming idioms.  
3. Students will be able to develop algorithmic solutions to word problems.  
4. Students will be able to transform high-level algorithms into code using appropriate  
data structures.

Notifications from the instructor: Notifications related to this class will be sent to your  
Texas State e-mail account. Be sure to check it regularly.
Grading:  
Exercises (labs):  25%
Quizzes:    25%
Final Exam:   50%  Thurs, Dec 12, 5:00PM to 7:30PM

Attendance: is extremely important!

Lab Exercises: These will be done during class time in the lab and must be implemented and submitted within the allowed time.

Quizzes: There is a quiz at the end of each class on that week’s material (you will receive an email the week before the class containing the material for that class).

Academic Honesty: You are expected to adhere to both the University's Academic Honor Code as described here, as well as the Computer Science Department Honor Code, described here: 2013 0426 HonestyPolicy CSPPS.doc.

All assignments are to be done individually. There is no collaboration allowed during class. You must write your own code. Do not include code obtained from the internet in your programming assignment (except what, if any, is provided by the instructor). Do not email or otherwise provide an electronic copy of your program to another student.

Comprehensive Exam policy: You can have two attempts to pass this class with a grade of B or higher. Dropping this class will count as one attempt.
